Each time these factors are applied to cost information the appraiser needs to consider all information available (condition of equipment, external obsolescence factors, and any other factors that may indicate the need for additional depreciation.) The minimum percent good indicated in these tables is in no way meant to be mandatory. If, as stated above, the appraiser has knowledge of other information or factors that would indicate that depreciation in excess of the stated minimum is warranted, then the appraiser may allow depreciation in excess of the stated minimum.
